FIRST YEAR GENERIC AND OPEN AND DISTANCE e-LEARNING (ODeL) SELECTION FOR 2025/26 ACADEMIC YEAR

The Malawi University of Science and Technology (MUST) is pleased to announce names of candidates who have been selected to pursue various generic and Open and Distance e-Learning (ODeL) undergraduate degree programmes at the University for the 2025/26 academic year. For the generic category, in all, **689** candidates have been selected and of these, **455 (66%)** are males and **234 (34%)** are females.

Selection of generic category candidates was done on merit as per the Malawi Government Policy of admitting students into public higher education institutions. Affirmative action on gender, disability and albinism was also considered. Candidate choices and the pre-defined combination of subjects required for each programme was also taken into consideration during the selection process.

The public is further advised that all students under generic category have been selected on self-sponsored non-residential basis in line with the Malawi Government Policy. The official opening dates for this group will be announced in due course.

In addition, MUST, through the coordination of the National Council for Higher Education (NCHE), has also selected students for the ODeL mode of study from the same pool of applicants under the Public University Selection System. Under this ODeL category, a total of **212 students** have been selected, of which **173 (81.6%)** are males and **39 (18.4%)** are females. In total, therefore, **901 students** have been selected across both the generic and ODeL modes of study. Of these, **628 (69.7%)** are males and **273 (30.3%)** are females.

The public is further advised that all students have been selected on a self-sponsored non-residential basis in line with Government policy and fees structure will be communicated soon. The official opening dates for this group will also be announced in due course.
