

## RELEASE OF SUPPLEMENTARY EXAMINATIONS RESULTS FOR MUST A, B AND ODEL

.....

### 1 Supplementary examination results for MUST A, B and ODeL students

Management of the Malawi University of Science and Technology (MUST) is pleased to announce release of supplementary examination results for MUST A 2022/23 academic year Semester 1 and MUST B 2022/23 end of year results and ODEL programmes. All students are, therefore, requested to access their results through their portals.

Meanwhile, students are advised to take note of the modules in which they have failed as repeat modules. Those students who did not write supplementary examinations will have their modules to repeat when they will be next offered. Those students who were and have been withdrawn on either behavioral or academic grounds are advised not to linger around the campus.

### 2 Fees payment

The University notes that there are some students who are yet to access their examination results due to outstanding fees balances. These together with those whose supplementary exam results have just been released and all ODeL students, are advised that exam results will only be accessible to them if they settle their fees balances

The University does not receive cash or use any mobile money accounts, as such, all fees should be deposited into university bank accounts. Fees can be deposited into the following bank account:

**NOTE:** MUST only communicates with students through the university's media platforms or mass media but never through phone calls. Any communication through phone calls purportedly from university officials should be treated with caution as it could be the work of fraudsters. And no one should cheat any students or guardians to make fees payment through personal bank accounts or mobile money platforms (Mpamba or Airtel Money). The university will not be held accountable for anyone who will be swindled of their hard-earned money through such payment mechanisms.
