

AI ORIENTATION WORKSHOP FOR CORPORATE EXECUTIVES

Artificial Intelligence (AI) technologies such as ChatGPT have taken the world by storm. It is thus imperative that thought leaders and decision-makers at various levels of the corporate world and government are aware of AI and its game-changing implications for business processes and government.

Target Group

CEOs, Financial Managers, HR managers, Members of Parliament, Principal Secretaries, Directors and other interested corporate thought leaders and decision-makers.

Topics to be covered include:

1. Governance of AI
2. AI in Education
3. AI and Democracy
4. AI in Health
5. AI and the Future of Work
6. AI and Ethics
7. AI and Disaster Management
